

GREAT FORT WAYNE FAIR SWINGS WIDE ITS GATES

Opening Day Finds the Usual Bustle of Final Preparation, But a Good Crowd Is on Hand.

THIS WILL BE DOING ON
WEDNESDAY.

Gates open at 9 o'clock.
Parade of horses and cattle at 10 o'clock.
First race called promptly at 1:45 o'clock.
Race card—2:15 trot, Centlivre.
Brewing company stake, \$1,000.
2:14 pace, purse \$500; 2:18 trot, purse \$500.

Fairs are fairs and the only difference is that some fairs are bigger than others. If one of the nomads whose perverted ideas lead him into the belief that it is easier to follow the fair circuits, sleep in tents or wagons, eat what can be picked up here and there and exist after the precarious fashion of his ilk, than it is to work, he has gone to sleep the last day of the last fair and tip Van Winkle through a twelve-month, he could probably have awakened at the Driving park today and started in just where he left off.
All of the earnest endeavor of all the fair officials on earth will never induce concession men to get into line at the proper time. All of the moral suasion, the combined effect of their plethoric vocabulary of cuss words with a cuff thrown in now and then, will never persuade the gentry that each and every individual is not being imposed upon in his allotment of space and the first day is always devoted to the straightening of tangles that would drive to distraction the man who had not been through it before.
Conditions prevailed today that have pertained the first day of every

MAINE MAY NOT BE LOST TO THE PROHIBITION CAUSE

Late Returns Trickling in Are Wiping Out "Wet" Majority—Close Result Will Mean Contest for Recount

Portland, Me., Sept. 12.—Official returns received up to 2:30 continued to decrease the small unofficial anti-prohibition majority shown this morning and at that hour it looked as if the official margin one way or the other would be slight.
The prohibitionists, however, were hopeful that further figures would turn the result in their favor.
At 3 a. m. fourteen towns had not been heard from and without these towns the vote stood:
For repeal, 60,721; against repeal, 59,358. This gave a majority of 763 for the repeal of the prohibitory amendment to the state constitution.
Official returns from 225 cities, towns and plantations used in revising the unofficial figures of last night, have reduced the repeal majority to 163 votes.
Former Mayor Adam P. Leighton, of Portland, president of the no-license

League, announced this morning steps would be taken for a recount of the vote unless the official returns should materially increase the majority for the repeal of the amendment. Official returns had been received from fifty-six cities and towns.
Adopt State-Wide Primary.
Next in interest to the prohibition question was that of the adoption or rejection of a state-wide primary act. Returns thus far received indicate its adoption by a good margin. The official vote from seventy cities and towns at hand this morning show 23,780 favorable and 6,362 opposing votes, a majority in favor of 17,418. On the question of making Augusta forever the seat of government the up-state voters very generally voted in favor, but Cumberland county, York county and other sections near Portland, were strong on the other side and the defeat of the proposition was early indicated.

AVIATOR FOWLER HAS A BAD FALL

Trans-Continental Flyer's Aeroplane is Wrecked at Alta, Cal.

AVIATOR IS INJURED

Alta, Cal., Sept. 12.—The cross-continent flight of Aviator Robert G. Fowler was interrupted near here at 10:05 o'clock this morning by a fall which resulted in the demolition of the aeroplane and perhaps injury to Fowler. The latter was brought to Alta and while he claimed that his injuries were confined to a strained back, it is feared that he has been hurt internally. The machine is a wreck and cannot be repaired for the continuance of the journey.
Persons in Alta and Dutch Flat witnessed the fall and rushed to Fowler's aid. The altitude at this point is 6,300 feet.
Explaining the accident Aviator Fowler said "the vertical rudder quit working for some reason and all I could do was to go around in a circle. My machine swung to the left in a couple of spins, then dropped and hit a couple of trees, damaging the frame badly. The engine, though, is all right."
"My back is wrenched but not a bit of skin is off anywhere. It will take three or four days to rebuild."
Fowler said the flight after leaving Colfax was smooth and he entertained every hope of successfully topping the Sierras, despite the encountering of contrary and perplexing air currents.
When near Alta and about two miles east of Dutch Flat something

FLOUR DOWN; WHEAT UP.

Portland, Ore., Sept. 12.—The anomaly of a reduction in flour prices while the wheat market is rising is now before the north-west trade. Flour is now quoted at \$4.50 per barrel, the cheapest opening price for four years.
Price cutting between millers of this city and Puget Sound influenced, it is said, by the position of several millers who have not yet bought much wheat, is responsible for the situation.

Lisbon, Portugal, Sept. 12.—The republic of Portugal was formally recognized yesterday by Great Britain, Spain, Germany, Italy and Austria.

TALKING OF A TOUR TO STUDY GARBAGE PROBLEM

Commercial Club Committee Will Probably Investigate Its Solution in Other Cities

In order to see how successfully and by what methods other cities have solved the garbage problem, the Commercial club's committee on public health will in all probability determine today upon a tour of inspection to study the situation at close range.
The committee met at 4 o'clock this afternoon to consider the proposed trip. Its membership includes Arthur F. Hall, Dr. A. E. Crull, C. F. Bicknell, Dr. G. M. Leslie and C. J. Scheiman.
This committee has been giving considerable study to questions of public health during the past year and it is anxious to assist in any way possible an adequate solution of the problem of disposing of the public waste of the city, which has been prominently before the public ever since it became apparent that methods and equipment now in use here are utterly unable to properly handle the situation.
It is proposed to visit some four or five cities which have adopted what is believed to be a more modern method of garbage collection and disposal, and to place before Fort Wayne the facts gained in a study of the newer methods of coping with the situation.
NO RUSH AT SAN FRANCISCO.
San Francisco, Sept. 12.—The San Francisco postal savings bank opened yesterday, and when the doors closed at 9 p. m. twenty-six depositors had received certificates for \$8,645. This is the largest sum of one day's business recorded in any city since the establishment of the bank.
NEW SCHOOL OPENS.
School opened Monday in the handsome new building just completed by St. Andrews' parish in the southeastern part of the city, and there was an enrollment of 118 pupils. Franciscan sisters are in charge of the school, with Sister Theodora as superioress.

FOR PROTECTION OF OTHER MALES

Dr. Spigler Courts Widest Inquiry Into Shooting at Terre Haute.

MANY MEN VICTIMS

Terre Haute, Ind., Sept. 12.—Declaring that he courted the widest investigation by the grand jury, Dr. O. R. Spigler, the physician who Saturday night shot and seriously wounded Mrs. Lillian McCulloch, wife of a local police sergeant, today declared he believed that to be the only way to stop the alleged blackmailing operations of his victim, whom, he declared, has a strong hold on a large number of the most prominent business and professional men of this city.
"I have received hundreds of calls from well known persons," said Dr. Spigler, "urging me to demand the fullest investigation of the case, and offering me any support needed. This woman, I believe, would stop at nothing, and I have the word of many men that she has hounded them the same way she has hounded me."
Dr. Spigler shot the McCulloch woman because, he says, she attempted his life when he warned her that he wished nothing more to do with her.
Mrs. McCulloch shows slight improvement in the hospital here but so far has declined to make any statement of her case.
Reports that prosecution would not be attempted because of the prominence of some of the woman's alleged victims were denied by Prosecutor Albert Owens, who declared he would still the case to the bottom regardless of whom suffered by the developments.
THE IRONY OF FATE.
San Francisco, Sept. 12.—John Hays, a fireman, who is regarded as an expert in scaling ladders, work and who had dropped from a high building into a life net a score of times, fell from a fence three feet high yesterday and fractured his skull. He probably will die.

GET ENGINEER MALONE'S VERSION OF FLYER WRECK

Members of State Railroad Commission Take Injured Man's Testimony But Guard It Closely.

Sealed up in the records of the Indiana railroad commission is Engineer Patrick E. Malone's version of the wreck of the Pennsylvania flyer in this city, on the evening of Sunday, August 17, in which four people lost life, two score persons were injured and in which property damage amounted to many thousands of dollars.
The testimony of Engineer Malone was given today as he lay in his bed at the Lutheran hospital, to Frank E. Payne and D. M. Matthews, members of the state rail commission, and J. M. Scott, chief inspector for the commission. Superintendent W. M. Ward, of the Pennsylvania company, was also present when the injured engineer gave his evidence in response to the questions of the commissioners.
Guard Evidence Closely.
No hint of either the character or the extent of Engineer Malone's testimony has been permitted by the rail commission to leak to the public. Visitors, all save a few close relatives, have been denied admittance to the engineer's room steadily in order that his recovery be unretarded, and so far as is known the engineer has not gone into the details of the wreck to anybody aside from his official testimony before the commission.
"We are forbidden by law to reveal anything whatever concerning the character of the testimony given in a case of this character," said Inspector Payne to The Sentinel today, "until it has been gone over by the entire commission and the latter body decides that it may be given to the public." Mr. Payne said the inquiry had been thorough enough to be thorough.

CONTRACT TO BE HELD TWO WEEKS

Wabash Officials Did Not Sign Contract and It Went Back.

NO NEW BUSINESS

For the reason that the officials failed to sign the amendment to the contract for the vacation of Grand and other streets and providing for future elevation, it has been returned to the company's offices and the council will not get the document at its meeting tonight.
When the matter was submitted to the directors they simply placed their O. K. on the papers and sent them back. This did not satisfy the city so they were returned, bearing the signatures of the members of the board of safety.
An ordinance providing free water for the parochial schools and a statement of the indebtedness of Davis Randall, who is seeking the return of his liquor license fee, will go to the council.

ARGUMENTS IN MARKET CASE.

Day Spent in Presenting Case to the Circuit Court.
Arguments that covered the entire day were made by City Attorney R. C. Hogan and Attorney E. V. Harris in the suit recently filed to prevent the closing of the city market at 11 o'clock and seeking a reduction in the rentals.
A temporary restraining order was issued to prevent the city officials from enforcing the market ordinance and the argument is being heard on this point. Technical legal points have entered largely into the hearing and late this afternoon it had not been submitted to Judge O'Rourke.

WILL OUST TELEPHONE CO.

Mt. Vernon, Ind., Sept. 12.—Failure of the city council to come to terms with the Cumberland telephone company for a renewal of its franchise, after six years of litigation carried through the appellate court, resulted in an order of ouster unanimously adopted last night. The company refused to accede to the rates specified for the new franchise. Mt. Vernon has an independent telephone company also.

WILDWOOD WAY TO HOME-OWNING

Building Concern is Doing Wonderful Work to Aid Fort Wayne Man Who Seeks to Own His Home.

One of the Wildwood Homes.

Within the past two or three years a good many Fort Wayne people have come to know something of the Wildwood way to home-owning—the admirable plan upon which the Wildwood Builders is doing several sections of the city with artistic homes and making it possible for the man of moderate means and the man on ordinary salary to become a home-owner instead of a renter. And still more people ought to know of this plan.

It is a fallacy to suppose that you must needs have a large sum of money before you make a start to break the bondage of rent-paying and acquire a little home of your own. The payment plan of the Wildwood Builders obviates the necessity of this and makes it possible for practically every family to own its home, but 15 per cent of the total is required as a cash payment under the Wildwood plan, and the balance you pay at the rate of \$1 per month for each \$100 of the amount remaining unpaid.

For illustration, you will need to pay \$3,000 property, and the balance at the rate of \$25.50 per month. If it is a \$4,000 property, you pay \$600 down and the balance at the rate of \$34 per month. For more moderate-priced or more expensive properties the plan is precisely the same, and you are assisted in every way possible. Those who have already made a start in purchasing a home under this plan are now unable to understand why they did not do so long ago.

The Wildwood Builders believe they must be pardoned for pointing with just a little pride to the artistic homes they have placed in Wildwood avenue and in Lakeside. Picturesque detailing, past, present and future of Wildwood now on exhibition in the windows of the Ruride store you will find very interesting. The Wildwood Builders will build for you in any part of Fort Wayne. It will be worth your while to call at the office, 600-610 South building, to talk the matter over.

AMERICA SECOND IN NAVAL POWER

In Actual Paper Efficiency United States Ahead of Germany.

THE GREATEST SHIPS

New York, Sept. 12.—The arrival here of the new American dreadnought, the dreadnought Florida, now nearing completion at Brooklyn navy yard, again sets the scales in motion of the relative position of our American sea-fighters as compared with the navies of the other great powers.

While naval experts concede that Great Britain has the largest aggregate of fighting ships, with Germany and the United States in a close race for second place, yet it is equally conceded by these experts that the two new American dreadnoughts now being out-ran in size and strength anything afloat in the British and German navies at the present time. The British naval monsters, Lion and Queen Mary, will exceed in tonnage and strength the American ships, but neither of these leviathans is as yet in service.

Exceeds All Others Afloat.

Germany also has a number of monster dreadnoughts, but they are in course of construction and the largest German ship afloat is still less in tonnage and efficiency than the two sister American dreadnoughts, Utah and Florida, now here for the first time. The American ships have a displacement of 22,000 tons as against the original dreadnought of 18,000 tons. They also take the lead over the Delaware and North Dakota, 20,000 tons each, which have heretofore held the lead of big gunships in the American navy.

The American dreadnoughts, besides leading the ships of all the great powers in point of size, also bring together for second place among naval powers. Among naval experts the original dreadnought has become the accepted unit of fighting efficiency. Counting the Dreadnought as a unit of 100, the American battleship Delaware and her sister ship, North Dakota, have a ratio of efficiency of 110 each, while the Florida and Utah have a ratio of 125 each.

Are About Equal.

These ratios for American dreadnought ships aggregate 670 as against an aggregate of about 700 for Germany. So that Germany and the United States are separated by only a few points for position of second place among naval powers, based on the dreadnought as the unit of fighting strength. However, on ships below the dreadnought unit, naval experts maintain that the scales are turned in favor of the United States as second in rank among the naval powers.

Coincident with the arrival of these two leaders among dreadnoughts, of the great powers, the keel was laid yesterday for the new super-dreadnought New York, 27,000 tons, which outranks in tonnage anything thus far built or under way in England and Germany. The largest British ships under construction are those of the King George class, 25,000 tons, and the largest of the new German ships building are 23,000 tons. The British designers are planning the Queen Mary, of 29,000 tons, but she is not yet actually under way.

So the New York represents the largest warship now being built and the Utah and Florida the largest now in the service of any of the great powers.

HELD AS PREMIER GOLDBRICK MAN

Leading Aryst-Merchant in That Line Arrested in Chicago.

FEDERALS GET HIM

Chicago, Sept. 12.—S. A. Potter, alias George W. Post, 233 by federal officials to be one of the best known gold brick and green goods confidence men in the world, was arrested today by C. F. Dewdney, division superintendent of the department of justice, on a charge of operating a confidence game.

Potter and two companions for whom federal officials are searching, are said to have netted \$1,500,000 in the past few years by the operation of their schemes.

Potter offered a cash bond of \$50,000 for his release, but it was refused by federal officers, who declared that nothing less than a cash bond of \$150,000 would be accepted.

A year ago it is said that Potter and Edward Starkoff forfeited a \$25,000 bond in the United States court at Philadelphia. Potter was arrested at his home on the south side, where he is said to have lived for several months.

After making the arrests Superintendent DeWoody remained in the luxuriously furnished apartment occupied by Potter and his wife for several hours in the hope of capturing Potter's companions. The telephone rang once, but when Superintendent DeWoody answered the man at the other end of the line hung up the receiver. Potter and Starkoff have operated in nearly every large city in the world under numerous aliases, according to Superintendent DeWoody.

FRENCH CABINET AT SERIOUS TASK

Takes German Reply to the French Proposals in the Moroccan Affair.

PEACE IN BALANCE

Paris, France, Sept. 12.—The cabinet met at 4 o'clock this afternoon to consider the French reply to Germany's counter proposals concerning Morocco.

The reply had been drawn up by Premier Cailhau and the ministers were summoned especially to pass upon it. It was understood before the cabinet met that the French note had been written in a spirit of conciliation but expressed a firm attitude in maintaining the position which France had assumed on questions of principles from which she could not depart.

A semi-official note issued yesterday indicated that the German conditions would be refused.

NO NEW DEVELOPMENTS.

Berlin, Sept. 12.—No further developments in the Moroccan affair are expected here pending the receipt of France's reply to the German note. The French ambassador, M. Cambon, is in Dresden with his family awaiting the next move by his government.

Although the public anxieties regarding the differences between France and Germany have been largely allayed, stocks opened somewhat weaker on the bourse today, owing to the unsatisfactory course of the New York and Paris markets yesterday. A report printed in the foreign press that the Russian government had withdrawn great sums of money from Berlin is authoritatively denied, and it is asserted that the withdrawal of French credits from German houses has been much exaggerated in the reports. Whatever withdrawals were made were so slight, it is declared, that they played no part in the recent stock market panic.

Admission to the Fair Wednesday, 25c.

AUBURN NEWS.

Auburn, Ind., Sept. 12.—Mrs. George Apple, aged 72, while assisting her daughter with the family washing yesterday, was stricken with paralysis, which affected her entire left side, leaving her in a very serious condition. So small are the chances for her recovery that her children have been notified to come to her bedside at once.

Solomon Burns, who has been a resident of DeKalb county for forty-nine years, passed away Sunday at his home in this city at the age of seventy-one years, death being due to a complication of diseases. A wife and seven children survive.

The Commercial club will hold a meeting tonight at which the proposition of revising the by-laws of the organization will be taken up. A luncheon served by the Pythian Sisters and a smoker will follow the business session.

Detectives in the employ of the B. & O. Railroad company are proving expensive to DeKalb county, due to the fact that they are arresting every man found upon the right of way of the road who has the least appearance of being a hobo, and bringing him before a justice of the peace, where the tramp is given ten or fifteen days in the county jail, and the county must furnish bond for them. The county officials are getting tired of this system and it may be that some steps will be taken to eliminate the practice.

A new case was filed in court yesterday entitled the Hudson bank vs. Oliver Deutz, being a suit to have a deed to a tract of land in Fairfield township declared invalid.

INCREASING ITS FORCE.

Cushion Heel Shoe Company Business is Growing Rapidly.

Business of the Cushion Heel Shoe company, at Harrison and Columbus streets, is growing rapidly and the working force is being increased. At this time fifty-four operatives are employed, and the number is being increased at the rate of eight or ten a week.

At the meeting of the stockholders a few days ago the reports were so encouraging that every stockholder present doubled his stock subscription, and the company is on a solid financial basis.

GOVERNORS MEET AT SPRING LAKE

Annual House of State Executives Opens in New Jersey.

WILSON IN WELCOME

Spring Lake, N. J., Sept. 12.—Gov. Woodrow Wilson, of New Jersey, called the third annual conference of governors to order at 11:35 o'clock this morning. Nineteen governors took their seats within the convention hall. Gov. Francis E. McGovern, of Wisconsin, was elected temporary chairman. In welcoming the delegates Gov. Wilson said:

"You are indeed most welcome. I suppose there never was a time in America when large questions were more generally debated than now.

"There is no mistaking the signs of the times. The people of these United States expect their governors to exercise leadership—leadership of the most vital sort—therefore it is of utmost importance that the men who undertake leadership should come together in common council to consider the affairs of the whole country. It is more important to draw the country together in thought than in any other way.

"The vitality of this conference is manifested by the fact that it has been called by a governor who is not a member of the executive body. We are now an independent body."

Gov. Jos. M. Carey, of Wyoming, made the response on behalf of the delegates.

For the first time in a year or more Governors Wilson, of N. J., and Judson Harmon, of Ohio, faced each other today. The greeting witnessed by a dozen of the sixteen governors who spent the night here was most cordial.

"How are you governor?" inquired Gov. Wilson.

"I am delighted to see you sir and to be here," was the Ohio Executive's reply.

The two men grasped hands and placed their left hands on each others' shoulders. For a few moments they exchanged pleasantries. Former Governor Fort, of New Jersey, who is chairman of the committee in charge, received a telegram from Adjutant General Ainsworth, of the United States army, stating that the government would be glad to welcome the governors at Fort Hancock, Sandy Hook, tomorrow afternoon and to demonstrate the workings of the new fourteen inch gun there by firing a salute. The governors plan to visit Fort Hancock in a body tomorrow.

Seattle, Wash., Sept. 12.—As the salmon packing season is almost over on Puget Sound it is estimated that the pack of pinks for this season will reach 750,000 cases or nearly twice as much as in any previous year. Canning is expected to end this week. The pinks, known as humpbacks, run on alternate years. The pack in 1909 was 565,156 cases. In 1907, 448,750.

Milwaukee, Wis., Sept. 12.—Matchmaker Frank Mulken, when shown the dispatch from Madison to the effect that the stopping of the Wisconsin-Milwaukee boxing bout is now up to the sheriff of Milwaukee county, stated that he expected during the day to communicate with acting Governor Morris and Attorney General Baneroff who, it was said, would be in Milwaukee. Mulken said that something one way or the other, probably would be given out to-night.

GERMAN BALLOON IN FRANCE.

Verdon, France, Sept. 12.—A balloon carrying three Germans crossed the frontier and came down today in the village of Reuvers. The balloonists were detained and the French military authorities notified.

It appears that the strangers are purely a pleasure trip, but the discovery of numerous and freshly taken photographs in their possession led the local authorities to hold them.

GREAT SALMON PACK.

Seattle, Wash., Sept. 12.—As the salmon packing season is almost over on Puget Sound it is estimated that the pack of pinks for this season will reach 750,000 cases or nearly twice as much as in any previous year. Canning is expected to end this week. The pinks, known as humpbacks, run on alternate years. The pack in 1909 was 565,156 cases. In 1907, 448,750.

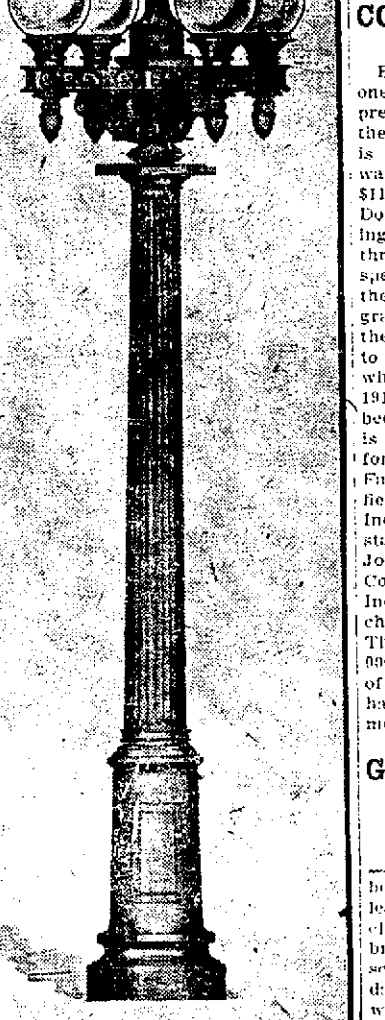

IT IS UP TO THE SHERIFF.

Milwaukee, Wis., Sept. 12.—Matchmaker Frank Mulken, when shown the dispatch from Madison to the effect that the stopping of the Wisconsin-Milwaukee boxing bout is now up to the sheriff of Milwaukee county, stated that he expected during the day to communicate with acting Governor Morris and Attorney General Baneroff who, it was said, would be in Milwaukee. Mulken said that something one way or the other, probably would be given out to-night.

Mr. and Mrs. E. Stouder will leave next week for Saratoga, N. Y., where the gentlemen will attend the meeting of the supreme council of the Scottish Rite of Freemasonry. Mr. Stouder will receive the thirty-third degree of the rite at the meeting.

Ornamental Lamp Post is Chosen

This composite design has been adopted for the Fort Wayne standard of ornamental street lighting posts and those to be manufactured by the Kerr-Murray Manufacturing company and placed on Calhoun, Main, Perry and Court streets will be of this style.

The column is, despite surmounting by the simple capital which characterizes this order of architecture. In designing the cross arms, however, an attempt was made to follow the Doric principle, as its lines were found to be severe to give the graceful effect desired.

The arms afford space for four globes of twelve inches each, while that at the top is sixteen. These posts will be placed ten to each square on which they are used.

GREAT MEN SEEK CHURCH HONORS

Fairbanks, Hanly, Durbin and Watson, Candidates for Delegate.

CONFERENCE IS ON

Bloomington, Ind., Sept. 12.—With one thousand delegates and visitors present the 80th annual conference of the Methodist Episcopal church, which is one of the largest in the country, was opened here today in the new \$110,000 church. Bishop W. E. McDowell, of Chicago, will preside during the conference which will continue through next Monday. A number of speakers of national prominence in the Methodist church are on the program. Considerable interest surrounds the selection of several lay delegates to the Methodist general conference which meets in Minneapolis in May, 1912. Already several candidates have been announced and friendly rivalry is keen. Among the candidates are former Vice President Charles W. Fairbanks, J. Frank Hanly and Winfield T. Durbin, former governors of Indiana; Edwin M. Lee, chairman state central committee; Postmaster John Embon, of Vincennes, and former Congressman James E. Watson. The Indiana conference embraces 748 churches with an enrollment of 99,973. The church property valuation is \$3,000,000. The Rev. W. J. Jones, pastor of the First Methodist church here, has been in charge of the arrangements for the conference.

GOT ON WRONG TRAIN.

Came to Fort Wayne Instead of Going Home to Lansing.

Alex Steel will spend eleven days in jail on account of his inability to pick the right train. He went from Lansing to Jackson, Mich., and got drunk and took a train for Fort Wayne instead of home. He was charged with drunkenness but there was evidence to show he had insulted some young women and he was fined in the city court today.

Charles Phillips drew \$5 and costs for the same offense and George Wright and James Fitzgerald, who came in from Wabash this morning with a pair of jaws, went over for fifteen days.

Hazel Edwards was in on a provoke charge but the witnesses against her are in quarantine and the case was postponed two weeks.

NEWS OF FORT WAYNE'S NEIGHBORS

HUNTINGTON FOLK FILE A PETITION

Citizens Desire an Appropriation for Maintenance of Arc Lights.

Huntington, Ind., Sept. 12.—In support of the movement for maintenance of the street arc lights, for which an appropriation is planned, a petition bearing eight names has been filed with the city clerk to receive attention tonight at the hands of the council. It is signed by Dr. D. V. Vining and others and was circulated by members of the Women's Civic Improvement League.

Although the report of necessary expenditures for the next year includes an item of \$1,200 for this purpose, the street arc light matter has not been definitely settled and for this reason the petition was filed. At a meeting Friday night the council discussed estimates of expenses for the year 1912. Cost of maintaining the arc lights was included in the total upon which the tax levy of \$1.41 was based. The meeting was not a regular one, however, and the appropriation ordinance must be passed this evening. To show that there is a general demand for the lights, the petition was filed and the necessary appropriation will without doubt be a part of the ordinance.

Indications now are that the council meeting will not be a lively one. Although three weeks have elapsed since the last session, few communications of any importance have been filed with the city clerk.

BULLET STRUCK BETWEEN THEM

Bluffton, Ind., Sept. 12.—Frank Leonard, one of the proprietors of the Cronin & Leonard store, was sitting on a bench in front of his place of business Monday afternoon talking with Hanford Miles about the weather and other current topics when suddenly the conversation was punctuated by a revolver shot behind them. As the men turned to see from whence the report came a flattened bullet dropped in the seat between them. The leaden missile, fired from an unknown source, had struck the brick pavement behind their seat and glancing upward fell harmlessly at their side.

FOLEY'S KIDNEY REMEDY (Liquid)

Is a great medicine of proven value for both acute and chronic kidney and bladder ailments, and for annoying urinary irregularities. It is especially recommended to elderly people for its wonderful tonic and reconstructive qualities, and the permanent relief and comfort it gives them. L. McConeil, 117 Catherine St., Elmira, N. Y., says: "Five bottles did the work for me most effectively and beyond doubt Foley's Kidney Remedy is the most reliable kidney medicine ever made." Dreyer Drug Co.

FEWER PUPILS ENROLL.

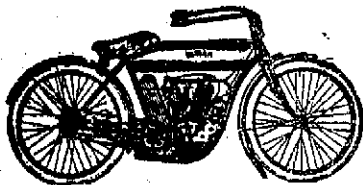

Columbia City, Ind., Sept. 12.—The city schools opened Monday, Sept. 11, for the school year of 1911-12. One of the surprises at the opening was the falling off in the attendance in the high school. In the first day showing 152 pupils, as compared to a total of 136 for last year. There will be some addition to the present enrollment in the course of the next two weeks, but it is not expected that it will bring the total up to anywhere near what it was last year. One of the reasons for the falling off is a number of the high schools in the county now have a four year course and for that reason the country students are kept out of the city schools.

DAILY GAIN IN WEIGHT

Comes to Those Who Use Samose, Says Druggists Meyer Bros. Co.

The poor, thin, emaciated person, when he or she becomes plump, rosy and robust by using Samose, forgets that there is such a thing as weakness and underweight. Samose restores health to the whole system so that the tissues assimilate from the food all of those elements which make solid bone, firm muscle, pure blood, and sufficient fat to restore beautiful and symmetrical outlines to the figure.

An increase in weight is seen from the first week's use of Samose, but it does not restore you to your proper weight and give you full vigor and vitality. Druggists Meyer Bros. Co. will return your money. You certainly can afford to try Samose on this guarantee.

PLANS COMPLETED FOR BIG REUNION

Program for Chickamauga Battle Association Gathering is Announced.

Wabash, Ind., Sept. 12.—The program has been completed for the fifth annual reunion of the Chickamauga Battle Association at the Soldiers' home in Marion on September 20, and the occasion will bring many visitors to that city.

The annual reunions are always held at the Soldiers' home and most of the exercises are given in Stinson Memorial hall. Many veterans at the home are members of the association and the reunion brings many other veterans from various parts of the country.

The past reunions have been splendid successes and the coming reunion promises to be the best of all. Captain B. F. Williams and Will F. Stitt, of this city, are president and secretary of the association and they announced the completion of the program Saturday afternoon.

BULLET DRAWS BLOOD.

Bluffton Man Wins Night Prowler—Thief Makes Get-away.

Bluffton, Ind., Sept. 12.—Floyd McCasque, living on Bond street, has found strong evidence that when he shot at a prowler in the rear of his home, he wounded the fellow with a bullet. It was the third night that there had been prowlers about the premises and Mr. McCasque was prepared for him with a revolver. When he detected a figure in a kitchen roof trying to enter an upstairs window he yelled to know what he was doing. For reply the prowler leaped to the ground and took to his heels toward the rear of the lot. Mr. McCasque took a shot at him, but was not sure at the time whether or not his shot took effect. He saw the fleeing man grab one of his legs and kept on going. Investigation of the premises since the shooting has disclosed blood stains.

SOCIALISTS AT DEFIANCE.

Defiance, Ohio, Sept. 12.—The Defiance socialists now number nearly one hundred. At Sunday's meeting five new members were received into the organization, and at a meeting to be held Friday evening at the Woodmen hall eight new applications will be presented. All are employees of the Defiance factories. Some time this week the nominations of the city council will be filed with the city clerk. Practically a full ticket will be named by the socialists. This is the first time this party has entered the municipal political field in Defiance.

A MAKE-BELIEVE GHOST.

Van Wert, Ohio, Sept. 12.—The serenity of the neighborhood embracing North Market, North Walnut and North Harrison streets has been disturbed the past few nights by a ghost scare. Some one clad in white, with a sheet or other white cloth supported by a stick over their head, so as to give to the moving object the appearance of unusual height, has appeared at different points on the street, named, at early and late hours, and has badly frightened a number of young people.

COMMON COLDS MUST BE TAKEN SERIOUSLY.

For unless cured they sap the vitality and lower the vital resistance to more serious infection. For coughs, colds, croup, whooping cough, bronchitis and affections of the throat, chest and lungs it is an ever ready and valuable remedy. Remember the name, Foley's Honey and Tar Compound and refuse substitutes. The genuine is in a yellow package. Dreyer Drug Co.

RUNYAN-FRENCH REUNION.

Bluffton, Ind., Sept. 12.—The annual Runyan-French reunion was held Sunday at the Meersberger grove, north of Linn Grove. There were about three hundred representatives of the two families in attendance and the gathering was pronounced one of the most successful ever held. Henry French was elected president of the organization for the ensuing year, and Miss Emma Runyan who has acted as president for several years was elected as vice president.

PARENTS WILL NOT CONSENT.

Auburn, Ind., Sept. 12.—The probability is that the Auburn high school will not have a football team this fall. It seems that the consent of parents is not forthcoming as some of the enthusiasts had hoped for. Without consent pupils are not permitted to enter the team. A goodly number of the heroes of the gridiron last year and two years ago are missing and to put a team into the field means a complete reorganization.

ZERKLE FAMILY REUNION.

Waterloo, Ind., Sept. 12.—The Zerke family held a reunion on Pety Hill Saturday which was attended by many members of the family. Music, eating and visiting was the order of the day and a general good time was enjoyed by all. Members of the family from a distance were: Silas Plank, of Indianapolis, and Martin Zerke, of Chicago. Emanuel Zerke was selected for president and Walter Smurr secretary.

PAVEMENT COMPLETED.

Warsaw, Ind., Sept. 12.—The last back was laid in the new pavement in this city, Saturday. More pavement has been laid this season than ever before, and all through the working days forty men were employed by the construction company. The new work has been inspected and has proven satisfactory to the local authorities who let the contract.

Wise Men and Women Know

that most of the sicknesses of life come from inactive bowels and from unhealthy condition of the organs of digestion. If your digestive system is not working right, your food does not nourish you—poor blood and weakness follow; if your bowels are inactive—waste matter poisons the whole system and serious sickness is sure to follow. To take promptly

BEECHAM'S PILLS

is to save yourself trouble and expense. Gentle, but quick; safe, but thorough, they enable the bowels to carry away waste matter naturally and tone up the whole digestive system. They will not injure the most delicate. They help you to get your bowels and your digestive organs in that condition when they can take good care of themselves and of you. Beecham's Pills

COLT'S KICK PROVES FATAL.

Columbia City, Ind., Sept. 12.—John Krider, a well known farmer of Whitley county, died at his home southwest of the city yesterday morning as the result of receiving a kick from a playful colt last Friday. Mr. Krider was leading the young animal to the watering trough when it wheeled and struck him with its foot. At first the injured man's condition was not considered serious, but late Sunday night he was overtaken by severe pains and early yesterday morning death relieved his sufferings.

A FIERCE NIGHT ALARM

Is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin, of Manchester, O. (R. R. No. 2), for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote, "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, La Grippe, Whooping Cough, Hemorrhages, fly before it. 50c and \$1.00. Trial bottle free. Sold by all druggists.

LIGHT FINGERED GYPSIES.

Warsaw, Ind., Sept. 12.—Two different gangs of thieving gypsies passed through this city Saturday afternoon, relieving a Warsaw man of \$20 in cash and a former of \$45. Sheriff Kintzel recovered \$15 of the \$20 taken from the Warsaw man, but was unable to secure the other party of gypsies into giving up the \$45.

POSTAL BANKS OPEN.

Columbia City, Ind., Sept. 12.—The postal savings bank opened at the local postoffice this morning at 9 o'clock. Although general depositors were present to open the first account, Postmaster Baker was rather disappointed at the lack of enthusiasm shown. All necessary supplies were on hand and the local postmaster expected to be kept quite busy during the entire day.

HAS MILLION OF FRIENDS.

How would you like to number your friends by millions as Burken's Arnica Salve does? Its astounding cures in the past forty years made them. REUNION IN CALIFORNIA.

Portland, Ind., Sept. 12.—More than a hundred former residents of Jay county met for a big reunion and picnic at an amusement park near Los Angeles, Cal., on Labor day. This community has many representatives on the Pacific coast, and each year these Jay county people gather for a celebration. A full account of the picnic was received in this city.

GATHERED AT CITY PARK.

Wabash, Ind., Sept. 12.—Over two hundred members of the Hipskind families gathered at the city park for their annual reunion Sunday. An excellent program was carried out which the members of the great family sat down to a delicious dinner. The annual ball game of the reunion was postponed on account of the day being the Sabbath.

GARRETT MAN EXPIRES.

Garrett, Ind., Sept. 12.—After an illness of many weeks, Charles W. Shamo, a well known citizen of this city, passed away yesterday morning shortly after 8 o'clock. Mr. Shamo suffered with a complication of diseases, but paralysis of the throat was the direct cause of his death.

COMMITTEE TO CAMP ON TRAIL

Will Fight for Track Elevation East of Calhoun Street.

MAPS OUT CAMPAIGN

Declaring unalterably for track elevation east of Calhoun street, with Clinton street as the specific point for beginning the work, the "Committee of Fifty," which constitutes the executive board of the Seventh and Ninth Ward Civic Improvement association, swung into action at a meeting held at the James H. Smart school Monday evening.

It named a general committee on track elevation and instructed that committee to be present at all meetings of the city council until the contract with the railroads is finally ratified. Members of the committee are: A. J. Fiebert, chairman; Walter Burns, J. Frohberger, George DeWard and Michael Kinder, of the Fourth ward; and Louis Bohlitz, J. E. Graham, Otto Brees and Jacob Hill, of the Seventh ward.

Signing Up Petitions.

It is the contention of the committee of fifty that no contract giving the Pennsylvania company rights upon Chicago street should be entertained unless it provides for the early elevation at Clinton street. Members of the committee are circulating petitions in the downtown district calling for the Clinton street elevation, and they are being largely signed.

Messrs. William Eggeman, Christ Laus, John Reichert, William Rabe and John Distle were named as a committee to confer with other civic improvement associations in the city regarding river improvement and other civic beautification work.

FEED STORE BURNS.

Owner is Victim of Nervous Shock and in Serious Condition.

Bluffton, Ind., Sept. 12.—R. E. Clear, of this city, is in a very critical condition as the result of a nervous shock he received Sunday morning when he watched his feed store being destroyed by flames. Mr. Clear has suffered more or less from heart trouble for the last few years and when he saw his possessions going up in smoke he was suddenly stricken. From latest reports his condition is very serious.

The fire started from some unknown cause early Sunday morning and before the department could get up in work the contents of the feed store were consumed and the stock of L. C. Stoll's bakery was partially destroyed. Mr. Clear's loss is estimated at \$1,000 and Mr. Stoll lost about \$800 worth of stock by the fire. Both men carried insurance.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Pienies can still be picked. Benjamin Clemmer and Ella Flood have been licensed to wed.

There are 1,432 water permits issued by Department Clerk McDonald. Henry Aurb is negotiating for the purchase of Emil Haberger's house of call.

New locomotive boilers for the Wabash road are being built at the Bass Foundry and Machine works.

Mr. M. Frank, of the Bee Hive, has returned from the east and is preparing an announcement of his big purchases.

Rev. W. H. Brown was given charge of the colored congregation here by the African M. E. conference held at Vincennes.

The county commissioners this afternoon opened proposals to put a new road on the St. Mary's river bridge near Esmond's mill.

Henry C. Paul was yesterday awarded the contract to make the stone abutments for new bridges in Milan and Pleasant townships.

George Clark, the well known Wabash conductor, has patented a station indicator, which promises to be an invention of great practical utility.

The gas well is now down 200 feet and a sort of white sandstone comes up. It is supposed that when that is penetrated gas will be tapped. Contractor Brown is now in the west closing up contracts to sink wells out there.

The executive committee of the democratic county central committee consists of: Hon. Charles McCulloch, chairman; W. W. Rockhill, secretary; Fred C. Boltz, treasurer; H. F. Butlerman, St. Joe township; Charles E. Muhler, city; Dr. C. A. Letter, Monticello; D. H. Mueller, Cedar Creek.

The twenty-ninth annual session of the National Association of Local Preachers of the Methodist Episcopal church convened in the M. E. college hall this morning and certainly no more prominent gathering of learned Christian ministers was ever held in Indiana. John Field, of the Philadelphia conference, is president, and Dr. C. B. Stemen, of this city, is one of the vice presidents.

HEAT-DANGERS FOR CHILDREN

The little folks do not stand the heat as well as their elders, and special care should be taken to keep them in good physical condition. One of the things to be especially watchful of is the condition of the bowels, which presents many dangers hardly dreamed of by parents.

When the child shows a tendency to constipation, if it loses appetite, complains of headaches, it fails to sleep well and looks restless, the mother may be certain that the child needs a tonic-laxative with ingredients such as are contained in Dr. Caldwell's Syrup Pepsin, of which most mothers have heard and which thousands of mothers are using for themselves and their children.

Indigestion is one of the worst troubles of child-life in the summer time, and it manifests itself in many different ways. Whatever the cause and whatever the manifestation the mother may be sure of removing the trouble with a few doses of Dr. Caldwell's Syrup Pepsin, which should always be kept in the house for emergency. It is sold in two sizes, 50 cents and \$1.00, and can be obtained of any druggist. Those who have never used it and wish to make a test of it before buying, can obtain a FREE SAMPLE BOTTLE by addressing

suffered more or less from heart trouble for the last few years and when he saw his possessions going up in smoke he was suddenly stricken. From latest reports his condition is very serious.

The fire started from some unknown cause early Sunday morning and before the department could get up in work the contents of the feed store were consumed and the stock of L. C. Stoll's bakery was partially destroyed. Mr. Clear's loss is estimated at \$1,000 and Mr. Stoll lost about \$800 worth of stock by the fire. Both men carried insurance.

MORE ABOUT GARBAGE.

With the experience of the past summer still fresh in mind and the stress of acute conditions as yet little relieved by autumnal coolness, the people of Fort Wayne will have scant patience with the city government if there is failure now to take steps for the permanent and satisfactory solution of the garbage problem. With the same old fraud of a crematory and the same old travesty of collection and the same old haphazard ordinances to stand as this city's embodiment of a garbage disposal system it means that next year the same old trials, annoyances and outrages will be continued and that the city will try to remedy at law certain civic shortcomings in which it is the chief offender. It was hoped, it still is to be hoped, that some well defined effort will be made to solve in an enlightened way the problem of disposing of city waste. The old garbage crematory, the old collection system and the old ordinances that together make up a magnificent utility will not be a step in solution of the problem. Garbage will continue to rot in backyards and alleys. Waste will accumulate in convenient places. Rubbish and debris will repose where it is thrown. The garbage wagons will make their leisurely rounds as the collectors list. The old furnace on Clinton street will be expanded to a greater nuisance without contributing anything appreciable to the disposition of garbage and nothing to the care of general city waste. Whatever it amounts to it will be sheer expense in pursuit of a method in which no economy is attempted, in which no economy is contemplated and in which no economy is possible. But the old crematory will continue the chiefest ornament of a public park and it will continue the most conspicuous detail of a landscape wherefrom all beauty would flee without this embellishment. Moreover, to keep it there will furnish happy assurance that the southern environs of Lawton park will continue to be as it is, a picturesque and esthetic dump for all that will not burn.

"RUNNING THE BLOCKADE."

That there is occasional "running of the blockade" in this city on Sunday is a suspicion well supported by testimony from time to time in the police court when Sunday drunks are brought to the bar. Time after time it has been the testimony of these bibulous delinquents that an unknown was met on the street casually. The mysterious stranger invited the deponent into an alley or a shed or a stable and thereupon and then produced a bottle from which deponent did drink greatly to his immediate refreshment, but to later disaster and undoing. Deponent does not know who the man was; never saw him before; doubts if he could recognize him. In other instances, deponent was shown the back door of a saloon and instructed in the code-rapping whereby the door was made to swing ajar and he was welcomed within. Could not identify his cicerone; does not have the slightest notion of the location of the saloon; might be down town; might also be in the rolling mills district; not knowing, cannot say. Of course, all this is plain and unmitigated falsehood under oath. The man has "run the blockade" somewhere and is "perjuring himself like a gentleman" to fend the saloonkeeper who violated the law for a little illicit business, a transaction the police court delinquent is disposed to view in its highlights as a favor. Perhaps a little plain dealing with some of these men who so glibly perjure themselves might have a refreshing effect upon the memory of Sunday guzzlers who meet mysterious strangers with bottles or the password and grip to the back door of a saloon. Meanwhile, some special police vigilance seems necessary to ferret out these saloons doing a Sunday business. That the law may be upheld and that the great majority of saloonkeepers, who are obeying the law, may have a strictly square deal and protection from illicit competition, the Sunday business should be not only more difficult, but tolerably certain of retribution.

Champ Clark protests against the indiscriminate muck-raking which brands American statesmanship in general as a mess of graft and crookedness, but he admits that there is some rottenness in Denmark. It goes to show how one bad spot can attain an entire congress, a whole government even, with popular suspicion. So far as congress is concerned, it has the constitutional remedy in its own hands. The Lorimer whitewashing very aptly illustrates how congress does not use it.

If the Fort Wayne police can run to ground the mysterious stranger the laws will be a lot easier to enforce. He meets total strangers and seduces them

with his alluring bottle of jig-water. He leads change passers astray to convenient side doors and thrusts them into the midst of secret carousings on Sunday. The other night he met a perfectly innocent man who had lost his way in the dark on a country road and with his baleful orbs agleam hypnotized him into the purchase of a coopful of pilleried poultry. He is the Evil One, no doubt, and unwary strangers in the city over Sunday and belated pilgrims on nocturnal journeys should beware of the mysterious man with the bottle or with contraband chattels.

Barring sugar, coffee, potatoes and a few other table necessities, the cost of living is in general a bit lower than it was a year ago as determined on the basis of wholesale prices. Sugar and coffee seem to be going to the point where the average householder will dispense with them and potatoes may before the winter is over be classed as a luxury to be indulged perhaps for Sunday dinner and thought of in anticipation the balance of the week. Beans, rice and even bacon and the more moderate priced cuts of beef are still within the reach of those who have to eat, and starvation is staring no one in the face.

Watching the little indicator on the sugar dial raises suspicion that the sugar trust is getting back with some excess of zeal the money it disgorged to the government for the customs frauds in which it was engaged. The fruit-preserving season makes it tolerably certain the Mrs. U. Consumer will stand for the daily boost.

With a plan to attempt to repair the old garbage crematory and a scheme to spend more money on the old way of collecting garbage, the city government is preparing merely for inefficiency on a larger scale than the community has been accustomed to. The system will be the same old failure that it always has been.

Rector of New Orleans parish has taken over \$50,000 in marriage fees during his term of twenty-seven years there. The Providence minister who knotted the Astor-Force arrangement doubtless will look with contempt on such a slow process of taking it in.

The claim that Germany has ousted the United States from its position as the world's second naval power is not just at this time of as acute interest here as it is in France.

THE FRENCH FOOD RIOTS.

Deep Seated Influences. Troy Times: "What is the economic significance of these old world happenings? The disturbances are almost as acute in free trade England as in moderately protected France, while there are grumblings more or less ominous in Germany, Italy and elsewhere. There must be something beyond or beneath tariff regulations and similar influences to effect disturbances as extensive and deep seated as these."

Attacks Oetrol Tax. Philadelphia Press: "Riots of women are sweeping French cities because France still suffers from a badly adjusted system of local taxation which has aggravated the effect of short harvests of food crops in Europe. This oetrol tax will have to go. It is a relic of the imperial barbarism and oppression of the past."

French Women's Initiative. Cleveland Plain Dealer: "French women have often been the first to give forceful expression to popular discontent. The men are sufficiently volatile, but the women of France are more so. When they see what they consider an evil that is in a way to perpetuate itself they are moved to protest, and what they are moved to do they do. Masculine support is likely to come later."

Speedier Relief. Chicago Tribune: "The French government, moved by the food riots which began in Northern France and are spreading to other parts of the country, is considering the expediency of suspending the duties on foreign meats and live stock. That would give some relief, but more speedy and perhaps greater relief would be given the city dwellers by the abolition of the oetrol taxes, if that were possible."

American Interest. St. Louis Globe-Democrat: "The minister of agriculture in the French cabinet has been directed to investigate the present range of prices, to compare them with those of five or ten years ago, to show the extent of the advance, to ascertain the causes, and to recommend legislation which would promise to furnish a remedy. It is to be presumed that he will enter this task with the customary French acuteness and industry. When he makes his report he will find England, Germany, the United States and the rest of the big industrial countries will scan it with interest."

Blame on the Taxes. St. Louis Republic: "They do some things better in France. Serious disorders having taken place in various towns over the high prices charged for food and clothing, the authorities promptly located the cause. It will hardly be believed in the United States, perhaps, where we are told that such things promote prosperity, but the fact is that the French people and their officers put the blame upon taxes. They actually are going to reduce the cost of living by reducing taxes."

Suspicious Political Agitators. Baltimore American: "There are always political agitators in France of the wildest socialist type who seek to turn every kind of popular dissatisfaction into a revolutionary demonstration. There seems reason for the belief that the food riots are largely attributable to such agitators. The situation nowhere approaches famine conditions."

SENATOR BAILEY'S RETIREMENT.

(Kansas City Star.) The announcement that Senator Bailey has concluded to retire from the senate is not so surprising as would have been the news that he had determined to stand for re-election. In the first place, it is doubtful if Mr. Bailey could have been elected. The progressives of Texas were aligned against him for a determined fight. And in the next place Mr. Bailey knows that the United States senate will not be as attractive for statesmen of his school of politics after 1913 as it has been during the time Mr. Bailey has been a leader in the senate.

The senator from Texas merely sees what Senator Alrich, of Rhode Island, saw last year when he retired from the senate. They both comprehend the meaning of the progressive sentiment throughout the country. During the last session of congress Mr. Bailey warned the standpaters among the republicans that they had lost the leadership of their party. New leaders, he declared, had supplanted them, and they must either adopt new ideas or give place to the new men who were coming to the front.

It is not possible to think of Mr. Bailey as possessing only a partial understanding of the situation. He knew that what he said of the republican leaders must apply with equal force to the standpaters among the democrats. For with all his eloquence, his attractive personality and his ability, Bailey was in no sense the leader of his own party in the senate during the special session. There were forty democrats in the senate during the session just closed, but less than a dozen of them acknowledged Mr. Bailey's leadership. And with the democrats in control of the next senate - which is possible - Mr. Bailey knew that he would be in a hopeless minority even on the democratic side.

Technically, Mr. Bailey's retirement is voluntary. But as a matter of fact, the announcement that he has given up the fight is one of the encouraging evidences of the growth of the progressive movement. It is an acknowledgment that the old order in the senate is passing.

IN THE CHURCHES

FIRST PRESBYTERIAN CHURCH.

Officers of the Sunday School for the ensuing year.

Rev. H. B. Master, the pastor of the first Presbyterian church, will return the latter part of this week and will be in his pulpit next Sunday, the regular Sunday services being resumed. The summer vacation season has not interfered with the sessions of the Sunday school. With the commencement of the fall sessions a few changes have been made in the officers and the official roster of the Sunday school is now as follows:

Superintendent—E. A. K. Hackett. Assistant Superintendents—C. H. Worden and A. H. Perfect. Secretary—Treasurer—Bruce Elliott. Chorister—E. F. Yarnelle. Missionary Department—Rev. T. P. Potts, superintendent; Mrs. T. P. Potts, assistant superintendent. Primary Department—Mrs. E. A. K. Hackett, superintendent; Mrs. H. B. Keegan and Miss Katherine Hoffman, assistant superintendents.

Mr. Worden has been the superintendent of the school for some years and has been efficient and well liked in the discharge of the duties. The change in superintendent was made at his request.

The Fort Wayne Presbytery.

The annual report of the general assembly of the Presbytery church shows that there are 31 churches, 37 ministers, 5,590 communicants and 4,394 members of Sunday school in the Fort Wayne presbytery. During the past year there were 180 baptisms, showing a satisfactory increase for the year. There were 8 presbyteries in Indiana, 291 ministers, 55,150 communicants and 42,988 members of Sunday schools during the year.

MILK SHORTAGE IN BOSTON.

Strike of Dairy Wagon Drivers Cuts Off Many. Boston, Sept. 12.—Striking milk wagon drivers remained firm today in their demand for increased pay and a better arrangement for helpers and new men, with the result that many milk consumers, hotels, restaurants and steamship companies here did not receive their usual supply of milk until after the business of the morning had started. Many families were without milk because the delivery was suspended in some sections by reason of there not being enough men to take the place of the striking drivers. After a midnight meeting of the striking union drivers, efforts were today made to persuade the strike breakers to leave their wagons. It was also announced that a delegation from the strikers planned to meet the officials of the companies affected today.

BRIBER DIEGEL AT FRENCH LICK

Missing Boodle Agent of Ohio Legislature is Finally Found.

IS UNDER SENTENCE

Columbus, Ohio, Sept. 12.—Rodney J. Diegel, convicted sergeant-at-arms of the Ohio senate, who is expected to make a confession that may result in further stay of execution of his sentence to three years in the penitentiary, and who disappeared from Columbus yesterday, is in French Lick Springs, Ind., according to Attorney General Hogan.

Diegel is accompanied by a special officer representing the state, Harry Bradbury, of Cleveland, and is expected to remain at the Indiana resort until Sunday, returning to Columbus in time to appear in court Monday.

Is Under Sentence.

Diegel, who has been sentenced to three years in the penitentiary for aiding and abetting in bribery, was given until next Monday, by the court, to submit a confession which might result in suspension of his sentence. That Diegel left Columbus for the purpose of preparing a statement to the court concerning his knowledge of legislative corruption, was the report which followed his disappearance.

Diegel left town yesterday in company with one of his counsel, John Egan, of Dayton, who is declared to be urging his client to make a confession, in conflict with other attorneys, who have represented the former sergeant-at-arms since the legislative bribery exposures.

Volunteers Statement.

Before his sudden departure the convicted man is reported to have volunteered to Prosecuting Attorney Turner and Attorney General Hogan to prepare a frank statement of his dealings in the legislative graft manipulations.

Diegel's home is in Sandusky and a report that he had gone there to prepare a statement in time for presentation to the court Monday elicited the information that he had not been seen there. Neither could he be located early today at Dayton, the home of his attorney. Some of his friends and associates who do not want Diegel to confess were exerting every effort to trace him. Prosecutor Turner declared today that even he did not know Diegel's exact whereabouts, but there were assurances that state officers were in constant touch with him. A report that he had gone to French Lick, Ind., was circulated early today, but efforts to locate him there at first proved unavailing.

WANTS TERM LENGTHENED.

E. M. Shell's Plan to Get Out of Prison Sooner is Failure.

Indianapolis, Sept. 12.—Edward M. Shell, a commission man of Fort Wayne, sentenced to the federal prison at Leavenworth for one year for using the mails to defraud, would like to have the term of his sentence lengthened, so that he may get out sooner. He has written United States District Attorney Miller in the effort to obtain a recommendation that Judge Anderson alter the sentence. Miller, however, has refused to do so, replying that he believes Shell received the sentence he deserved.

The federal parole law, which makes a prisoner eligible to parole when he has served one-third of his term, specifically states that its provisions shall apply to prisoners who have been sentenced for a term greater than one year. Under this act, which is comparatively recent, a prisoner with a sentence of two years becomes eligible to parole in eight months, while the one-year man must remain for the full period of his sentence.

Federal judges in some jurisdictions, since the passage of the parole act by congress, have been sentencing prisoners for a term of one year and one day in order to bring the prisoners within the parole law. Judge Anderson, however, has never done this. Shell was before Judge Anderson in May, pleading guilty to the charge of using the mails in soliciting shipments of products to him as a commission merchant and refusing to pay for the shipments received. He was charged also with various misrepresentations concerning his business.

PRESBYTERIAN CONFERENCE.

Cumberland Church in Indiana Meets at Algiers.

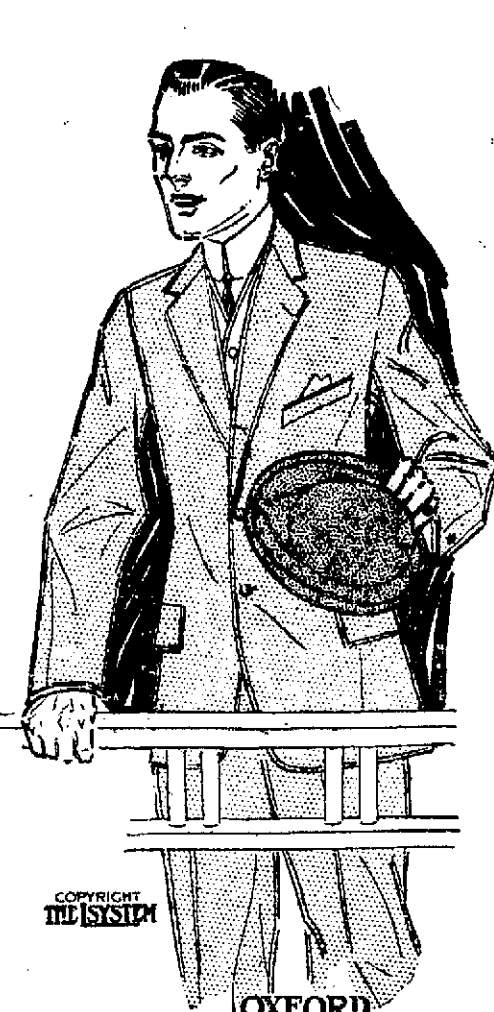

Evansville, Ind., Sept. 12.—In the fall session of the Indiana conference of the Cumberland Presbyterian church, beginning tonight at Algiers, one of the principal questions will be provisions for synodical agents in Indiana next year. There is now one agent, Rev. A. C. DeForest, of Evansville, and it is proposed to create another. Rev. T. C. Wilson, of Franklinton, Ind., will deliver the opening sermon tonight. Rev. Geo. W. May, of Owensville, is moderator. About sixty delegates are expected from the forty churches in the state.

POSTMASTERS IN CONVENTION.

Over 300 Heads of First Class Offices Now in Omaha.

Omaha, Neb., Sept. 12.—With over 300 postmasters in attendance the annual convention of first-class postmasters opened a three days' session here today. Today's program included addresses of welcome by Postmaster R. F. Thomas and Mayor J. C. Dahlman, of Omaha, and a response by Postmaster F. E. E. McInnes, of Springfield, Mo.

Nearly all the national officers of the association were present at the opening session.

AUTOMOBILE CORNER.

Motor Cars Gather Around Shoaff Building Like Flies Around Molasses.

"When did the auto show start?" was the would-be humorous remark of a stranger to this city, as he gazed at the unbroken line of automobiles that stretched on either side of Berry street, from Calhoun to Court, this morning. The remark was not uncalled for, for the entire street was overcrowded with dead gasoline bugles.

A majority of the men who have offices in the Shoaff building are owners of automobiles and these men naturally drive to their work. Their cars are left in the street and only a narrow lane in the middle of the thoroughfare is left open for traffic. This forenoon a representative of The Sentinel counted twenty-six motor cars in the half block from Calhoun to Court street. There was not a plebeian horse carriage in the block.

Head Ache?

Eyes!

The great majority of headaches are due to eye trouble—the effort to see with eyes that are not altogether right.

Such headaches can be stopped by correcting the vision—relieving the eye strain with properly fitted glasses.

Robert Koerber, O. D., is fitted to test your eyes and prescribe the proper glasses. No charge for examination.

New Way to Remove Age Marks From Skin

(Modern Styles.)

By discarding powder and cosmetics and using a mayatone lotion, it is an easy matter to gradually remove wrinkles and facial blemishes and give to an aged, flabby or unlovely skin the rich embellishment of girlhood health. The lotion, which is made by dissolving an original package of mayatone in eight ounces of witch hazel, should be applied daily.

Before using, the skin should be thoroughly cleansed of dust and grime, and then the lotion gently massaged into the face, neck and arms, until the skin is dry and smooth. With the aid of this inexpensive lotion the skin is freed of pimples, blackheads and other impurities, and the skin grows firm and smooth, and takes on an exquisite texture.

The Food Behind the Men Behind the Gun

When the American Battleship Fleet visited the Thames last November, the London Daily Mirror sent a representative aboard the flagship with instructions to find out the cause of the superior physical condition of the American Jack-tar over the average British Blue-jacket.

An officer of the American flagship, upon being questioned regarding the food of the American Navy, said: "They have the best food of any navy on earth, and when they ask for more—like Oliver Twist—they have it without question."

Then the chief commissariat steward handed the newspaper man a sample breakfast bill of fare: It read:

SOCIETY

In honor of Miss Ethel Doud's near departure for school, Miss Kathryn Freese, of West Wayne street, gave a beautiful party this afternoon to which she invited fourteen young girls including the Misses Edith and Florence Helt, who are going to the same school Miss Doud is to attend. A guessing contest was enjoyed in addition to the visiting and considerable time was spent at the supper table, which with its decoration of college colors, blue and yellow, presented a very attractive appearance. At the places for Miss Doud and the Misses Helt lay a toy suitcase tied with blue and yellow ribbons with a favor for each. The rooms were decorated with asters and other garden flowers to carry out the color scheme.

Mr. and Mrs. L. F. Curdes are at Defiance, O., for a couple of days. The Dywidy club will meet at Reservoir park on Wednesday afternoon.

Mrs. M. Bernkopf, of New York city, is visiting her daughter, Mrs. M. E. Dessauer, of West Wayne street.

Misses Helen and Marie Stoll, of Kinnaird avenue, have gone to Lima, O., for a visit.

Miss Ruth Wheelock is entertaining Misses Marguerite and Florence Walmer, of Bluffton.

Miss Clara Bandau, of Lavina street, left yesterday for Milwaukee to visit her mother at that place.

Mrs. Ellen Quinn has returned to Chicago after visiting her brother, John Haley, of West DeWald street.

Mrs. W. M. Griffin and son, Jack, have returned from Mackinac Island, where they had been the greater part of the summer.

Mrs. Clark Fairbank and Mr. and Mrs. James L. Taylor, Jr., have closed their summer home at Rome City and returned to town.

Mrs. Frankie Julliard Rabus, of West Wayne street, has returned from Minneapolis, where she spent the summer.

Mrs. George Esmond, of 1214 Washington boulevard west, has returned from Minneapolis, where she spent the summer with her daughters.

Mrs. R. O. Hines and baby, of Waukegan, Ill., is visiting Mrs. John McKean, of Spy Run avenue. Mrs. McKean has but recently returned from Waukegan.

Mrs. M. S. Mahurin and daughters have returned from Leland, Mich., where they had been for two months. Miss Margery Rohan was their guest for a month and returned with them. Mr. and Mrs. A. C. Anderson, of California avenue, have gone to Lake George for a two weeks' outing. They will be guests of Mr. and Mrs. Carl Jergens.

Mr. and Mrs. G. W. Kline, of Berkeley, Cal., are here visiting their son, J. J. Kline. Mr. Kline and his parents left today for Boston and other eastern points.

Mr. and Mrs. Arthur E. Swain have returned from their wedding trip and will be at home in their own house in Hartnett avenue, immediately. Mr. Swain is a toolmaker in the Wallace shops.

Mrs. Margaret Hall and Miss Allice Hall have returned from Bloomington and Lafayette. Miss Hall supervised the art work in the State university during the summer term and in Lafayette the ladies visited relatives.

Mrs. W. H. Ingham and Misses Marguerite and Marian Ingham have returned from the seashore. Mrs. Ingham spent some weeks in the east, a part of the time at Saranac lake, N. Y., and some days on the coast of New Jersey.

Miss Laura Muirhead has returned from Washington, where she spent the summer with Mr. and Mrs. Alex Muirhead, to resume her work as principal of the McCulloch school.

Miss Muirhead will make her home with her aunt and cousin, Mrs. Emily Woodworth and Ben S. Woodworth.

In honor of her birth anniversary of fifty-seven years, Mrs. Henry Winkelmeier celebrated Sunday by having a surprise party. About forty friends assembled at the Winkelmeier home and took with them a number of gifts which they presented to the distinguished hostess. A fine supper was served.

Miss Lavinia Sperry will leave on Thursday for New York and will be accompanied by Miss Helen Look, of West DeWald street, who is going to the metropolis to continue her voice study in which she has made such good progress under the direction of Mrs. Clara Zollars Bond. In a production of "Egypta" by local talent, Miss Look won much well deserved

OF INTEREST TO GIRLS.

By Mrs. Jane Ford.

It would be an odd kind of girl who did not delight in pretty frocks, and who is not thinking about the things she would like to take back to school. So far as the realm of simplicity is concerned there will be little change in the new dress, but there are minor points that will mark frocks as being of recent date. There is a decided tendency to return to the sewed in sleeves, but the short, square style of sleeve is so generally becoming that there is little need to fear there will be any change in the shape during the winter.

The high waist line is a marked feature that young girls cannot afford to disregard, for nothing could be more charmingly girlish. Particularly is this true if the joining to the body portion is finished with a heavy cord instead of a belt. The waist line is generally rounded and elaborated with a bit of hand work, the design of which is carried out on the sleeves, and in band effect on the skirt.

To copy the dress for a girl sixteen years of age requires five and one-half yards of thirty-six inch goods.

praise for her sweet voice and for an evident natural ease and dramatic feeling for the role she was singing. Miss Look will study the languages and music aside from her vocal lessons. Miss Sperry will visit her brother in New York, and her sister, Mrs. Paul Turner, at Seabright, N. J.

There were seventy relatives and friends present at the wedding of Miss Emma Irene Klopfenstein, daughter of Mr. and Mrs. E. M. Klopfenstein, who live near Gradi, and Mr. Edwin Paul, which took place on Sept. 8 at the home of the bride. The guests were Mr. and Mrs. Roy Shuler and family, Mr. and Mrs. J. C. Waid and family, R. G. Klopfenstein and son, Bronson, Mrs. Lydia Miller and daughter, Irene, Mrs. John Snyder and children, Mr. and Mrs. Lawrence Schiefer and daughter, Mildred, Rinohart Schaffer, Otto Wiegand, Augusta Schaffer and Miss Mabel Gering, all of this city; Mr. and Mrs. J. C. Lowinger and daughter, of Auburn; Mr. and Mrs. George Lowinger and family, of Spencerville; Herbert Schwartz, of Auburn; Mr. and Mrs. L. E. Paff and family; Mr. and Mrs. Henry Krumbigel, Mr. and Mrs. George Krumbigel and son, Mr. and Mrs. Charles Elshbarn and family, Lester Klopfenstein, Mr. and Mrs. Emanuel Klopfenstein, Mr. and Mrs. Jerry Klopfenstein, Jesse Gorg, of Gradi; Charles, Minerva and Christiana Souder, of Spencerville.

Vachon—Newhaus.

A very pretty and sweet bride of today was Miss Edith L. Newhaus, whose marriage to Mr. Joseph C. Vachon took place this morning at the church of the Precious Blood. Rev. T. H. Hammer officiated at the nuptial mass. The bride wore an ivory white messaline gown, a veil held to her hair with blossoms of acacia and she carried a prayerbook with marker of white flowers and satin ribbon. The bridegroom was dressed in a tuxedo and was very becoming. The bridegroom, Miss Frances Newhaus, a sister of the bride, was dressed in pink messaline and she wore a pink ribbon band in her hair and held a bouquet of pink roses. Mr. Robert Vachon, a brother to the groom, acted as best man. The wedding breakfast was served at the home of the bride's parents, in St. Mary's avenue. The decorations were pink and white asters and hollyhock. The bride and groom have gone to Shriners' lake to spend their honeymoon and on their return will go to house-keeping at the home of the bride's parents, as Mr. and Mrs. Newhaus are spending some months at the lake. Both bride and groom are young people held in the highest respect by their many friends.

Bieber Family Reunion.

The members of the Bieber family met at Robinson park on Sunday, Sept. 10, to hold their regular annual reunion. It was decided to hold the next meeting in August, 1912, on the first Sunday of that month. A fine chicken dinner was served the company during the day. Officers were elected, William L. Bieber being chosen president; Joseph Hartman, vice president; Mrs. Allen Bieber, secretary and treasurer. On the entertainment committee are Frank Bergel, Mrs. Edward Neitert, Mrs. W. L. Bieber. Others present were Mrs. Harriet Hettler Bieber, Mrs. Malinda Bergel Bieber, Mr. and Mrs. W. L. Bieber and family, Mr. and Mrs. John Rorick, Mr. and Mrs. Harvey Bieber, and family, Mr. and Mrs. Allen Bieber and daughter, Blanche, Mr. and Mrs. Ed Bieber and family, all of New Haven; William H. Bieber, Mr. and Mrs. Albert Hettler, Mr. and Mrs. Joseph Hartman and family, Mr. and Mrs. Frank Bergel and family, Mr. and Mrs. Edward Neitert and family, all of Fort Wayne; Benjamin Melinger, of Grand Rapids, Mich.; Mrs. Ireland, of Geneva; Mrs. Hattie Case and family, Mrs. Edna Leonard and Russell Dunton.

Gage—Center.

Miss Katherine Center, daughter of Mr. and Mrs. Spencer Center, of 828 East Lewis street, and Mr. Louis Edward Gage, a son of Mrs. Edward Miller, of Barr street, took place this morning at 7 o'clock in the Cathedral. The bride was attended by her sister, Miss June Center and the bridegroom by Mr. Edward Hammond. The bride looked very stylish in a becoming gown of brown novelty cloth with which she wore a Persian silk blouse and a white hat trimmed with white plumes. The bride's bouquet was of blue roses. Miss June Center wore a blue messaline gown and a white hat with blue plumes. Her flowers were pink roses. The wedding breakfast was served at the home of Mr. Gage's parents, Mr. and Mrs. Edward Miller and covers were laid for immediate relatives. The decorations were pink and white roses and smilax. The bride and groom went to Lake James on their trip and will live at the home of the bride on their return to the city. Mr. Gage is a machinist employed by the Fort Wayne Engineering and Manufacturing company. Both bride and groom have many friends interested in their wedding.

FADS AND FANCIES.

As the autumn season draws nearer and fashions crystallize, the trend in the direction of Early Victorian modes becomes more and more evident.

In many ways dress is to take upon itself a more gracious aspect. The picturesque fichu has already been given formal welcome; so has the frill and the flounce, and the latest form of trimming to "arrive" is the ruche.

Ruchings appear on many of the very latest models, and are applied in a variety of interesting ways. A velvet walking dress in leaf-brown has a double ruching of satin ribbon in exactly the same tone. One row of ruching borders the bottom of the skirt, and the other is some six inches higher. A ribbon girdle with long hanging ends encircles the waist, and the cross-over bodice has a single draped rever of leaf-brown satin.

Scalloped ruchings are employed with quaintly pretty effect on a picturesque afternoon gown in soft sage blue. The gown is of mousseline over taffetas, and three rows of scalloped taffetas ruchings on a wide piping trim the skirt. The short sleeves are edged with a narrow ruching, and the bodice is draped with an old lace fichu.

Flowers made in different materials and by various methods are one of the distinctive features of today's millinery, and numerous workers are thus afforded a wide scope for displaying their ingenuity and skill.

Try leaves always give good results, and to make a spray of them it is only necessary to have two penny balls of thread, a dark shade of green for the body of the leaf and a lighter shade for the veining. Of course, a skilled worker can introduce as many colors for shading as she desires, but good effects can be obtained when only two shades are used.

As threads are easier to work with than silks, it will be wiser for a beginner to use them, and in order to grasp the principle of this work it will be as well to try making leaves first, as they are more simple to execute than flowers.

FOR TIRED FEET.

After a long walk, when the feet feel weary and uncomfortable, try bathing them in warm water with a little eucalyptus added to it. Dry them and rub in some starch or plain violet powder. On a railway journey it is a good idea to take a pair of light slippers in the traveling bag and to change the outdoor boots when in the train.

Alcohol is a good medium with which to rub the feet, and bathing them in salt water is good for some feet, and they are always benefited by the starch powder rub afterward.

Cotton stockings of the finest and softest make are excellent wear for tender feet, and many people like cashmere. Many people believe in soaping the heel of a stocking so as to prevent blisters, and shaking starch powder or boracic acid into the stockings before putting them on is another preventive of those crippling worriers.

DO YOU KNOW

That when a gown is made of two materials, such as satin and cloth, etamine and satin, or any mingling of the lighter stuffs, the fashion of the dress is extremely ornate, and all sorts of fine needlework are displayed in the tucks, the ruchings, and the embroideries of the trimmings, especially on the coat?

Hard boil two eggs for half an hour, then shell and crush to a fine paste. Mix with an equal quantity of boiled chopped ham and pounded to a paste, add a high seasoning of salt and pepper and the beaten yolk of a raw egg. Cut stale bread in thin slices,

put together in sandwiches with a thick filling of the paste, then trim off crusts and cut in pieces two by four inches in size. Reat together two raw eggs and mix with a quarter of a cupful of milk, a pinch of salt and sufficient sifted flour to make a drop batter. Dip each piece in this, then drop into deep, smoking hot fat and fry golden brown. Drain for a moment on soft paper and serve spread on a dish; do not heap on one another.

Baked Hominy.

To one pint of cold cooked hominy add two tablespoonfuls of melted butter, a good seasoning of salt, one-quarter of a teaspoonful of white pepper and one cupful and a half of milk, stirring well that there may be no lumps. Reat separately the whites and yolks of four eggs, and the egg yolks with a half cupful more of milk to the hominy and beat well, then stir in the whites whipped to a stiff froth. Turn into a greased baking dish and brown in a hot oven for about half an hour. Serve at once.

How to "Shed" A Bad Complexion

It's foolish to attempt to cover up or hide a sallow complexion, when you can so easily remove the sallow-ness, or the complexion itself. Rouge and the like on a brownish skin, only emphasize the defect. The better way is to apply pure mercurized wax—the same as you would cold cream—putting it on at night, removing it in the morning with warm water and soap, following with a dash of cold water. The effect of a few applications is simply marvelous. The half-dead cuticle is absorbed by the wax—painlessly, gradually, in tiny imperceptible particles—revealing the beautiful velvety white new skin beneath. No woman need have a sallow, blotchy, pimply or freckled complexion if she'll just go to the druggist's, get some good mercurized wax and use as suggested.—Woman's Realm.

EVERYWHERE a piano is regarded as a household necessity, but the AUTOPIANO, the modern player-piano, which enables everyone to play both the old way by hand and the new way by use of the perforated music roll, is an instrument that seems destined to eventually supersede the regular piano in almost every home.

The AUTOPIANO was the first perfect player-piano made, and the enthusiastic and unsolicited endorsements accorded this marvelous instrument by men and women prominent in every walk of life are conclusive evidence that the Autopiano is the "One Perfect Player-Piano."

The increasing desire for real music in the United States during the past five years is due in no small measure to the introduction of the player-piano. Grand operas, heretofore appreciated only by those who were musicians in every sense of the word are now understood and enjoyed by people who have not had the opportunity of receiving a musical education.

To the real musician, who can at a single hearing detect the merits or shortcomings of a musical instrument, the AUTOPIANO is a continual delight. It is surprising to listen to the perfect rendition of famous compositions properly played on the Autopiano. The inexperienced performer, with but a few moments' practice and by following a few simple suggestions, can duplicate all the musical effects achieved by great pianists.

That the Autopiano is the personal choice of so many world-famous musicians and artists also demonstrates decisively the artistic superiority of this marvelous instrument. Sold in this city by

Retail Merchants Favor
Track Elevation at
Clinton Street.

OTHER BUSINESS IS UP

George M. Haffner was unanimously elected president of the Fort Wayne Retail Merchants' association at the annual meeting held Monday evening at the Commercial club rooms, succeeding Frank J. Rahe, who has held the position during the past year. Other officers chosen were:

Vice President—R. P. Hinman.

Secretary—H. F. Kannerk.

Treasurer—J. E. Hooley.

More Track Elevation.

The merchants adopted resolutions declaring the association in favor of further elevation of railroad tracks at Clinton street, Fulton avenue and St. Mary's avenue, naming Messrs. George Herman, Charles Moeller and J. W. H. Schaefer as a committee to assist the Boarding residents in their effort to secure an open street beneath the Nickel Plate railroad at the latter point.

The association endorsed contributions to the St. Joseph's hospital bazaar and declared themselves in favor of a local architect and local labor in the construction of the forthcoming addition to the hospital.

Frank J. Rahe, the retiring president, was tendered a vote of thanks for his services to the association, and spoke briefly regarding the work of the year. Mr. Haffner, the new president, following in a short talk. The association has waged a successful war on itinerant merchants and has shown a fine growth in membership and interest. Refreshments were served at the close of the business meeting.

ATTACKS SCHOOL PRINCIPAL.

A severe attack on school principal Chas. B. Allen, of Sylvania, Ga., is told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach troubles and diseased kidneys. PROPER WAY TO SHAMPOO

In an address before a large audience of beauty seekers today, Mac Martyn, the famed authority on such matters, said:

"Common sense teaches us that the hair and scalp cannot be thoroughly cleaned of dirt, excess oil and dandruff without using water. And yet it is a common mistake that most women make in using soap in any form for shampooing. The woman who shampoos with soap soon notices her hair losing its gloss, splitting at the ends, becoming brittle and thin.

"These troubles can easily and best be avoided by using as a shampoo one teaspoonful of cantharox dissolved in a cup of hot water. The hair will rinse easily, dry quickly without streaking, and become brighter and fluffier. Many hair-dressers have adopted this shampoo with excellent results. It seems to possess every quality of a perfect shampoo."—New York Star.

Our ball team went to Payne Sunday, where they played a game with the Payne "Blues," resulting in another victory for the Antwerp "Reds," score 4 to 8.

Miss Gertrude Banks, who is attending the Metropolitan Business college at Toledo, Ohio, was home over Sunday.

Loid Harris visited his wife and little daughter at the parental home Sunday, she being with her parents, Doctor Miller and wife, at Albion, Ind.

William Filley, who for some time past has been in the employ of the Buffalo Salvage Co., who have held sales in different parts of Ohio, has severed his connection with this firm, and is now working for a nursery firm and reports a fine business.

Miss Ruth Carr, who is playing the piano in the Auditorium at Paulding, visited her parents at this place Sunday. Miss Ruth is "making good" over at the county seat, and the management of the Auditorium is well pleased with her work.

Messrs. Emmet and Bart Savage, of Paulding, were Antwerp visitors Sunday, making the trip in their big touring car.

Sculey & Son, have moved their seat store into the Stenger building at the corner of Daggett and Main streets.

Grant Shimer and wife, and Irey Murphy and wife, went to Cleveland, Ohio, over the Nickel Plate railway Saturday, and were the guests of Charles Seibert and family over Sunday, returning home Monday.

Mrs. Alice Scooby and son John went to Roanoke, Ind., Saturday, where they will remain a few days visiting relatives.

Frank Butt, of Allen county, Ind., and proprietor of the well known "Ox Bow" farm, was an Antwerp visitor Monday.

Miss Ethel Beadle, of Toledo, Ohio, after several days here spent visiting at the homes of John Donat and wife, and at the farm home of John Beerborn, northwest of town, returned to her home Monday evening.

Friends here have been advised that William Master, the little son of Rev. Henry B. Master, pastor of the First Presbyterian church, is very ill from typhoid fever at the family's summer home in the Adirondack mountains.

Young Mothers

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores.

"The Hair and Its Care," Sent Free Upon Request.

The Herpicide Company want everyone to have a copy of their booklet telling how to take care of and possess nice hair. The booklet contains much valuable information on the subject of saving and cultivating the hair.

If the present day men and women would begin to live up to the teachings of this little booklet it is doubtful if the next generation would find a bald-headed man or lady wearing false hair.

It is just as easy to have robust and beautiful hair as to have thin, scraggy hair or no hair at all. If the scalp is kept clean and free from dandruff the hair grows naturally and luxuriantly.

The booklet tells how this may be most effectively accomplished by the use of Newbro's Herpicide. Herpicide destroys the germ which causes dandruff, frees the head from dirt and scurf flakes. The hair becomes light, fluffy and beautiful.

Newbro's Herpicide is the original remedy that kills the dandruff germ for which there are many imitations and substitutes said to be just as good. Buy nothing but the original.

All reliable druggists sell and guarantee genuine Herpicide in one dollar size bottles.

Send 10c in postage to The Herpicide Co., Dept. R., Detroit, Mich., and a nice sample will be sent with the booklet.

ANDREWS NEWS.

Andrews, Ind., Sept. 12.—A forewed reception was given Misses Myrtle and Hazel Kellam at the Methodist church Friday evening. Quite a large crowd was there and many expressed their regrets at having them leave. They will move to Wabash this week.

The Fitch family held their annual reunion at the home of Mrs. Sarah Fitch. There were about sixty in attendance and they all report a fine time.

Mrs. H. E. Isenbarger went to Fort Wayne Sunday evening to make a short visit and to attend the fair.

Miss Sarah Farneybough came home from Lima, Ohio, Saturday evening to spend a two weeks' vacation. She brought her friend, Miss Alice Steinbaugh, with her.

Misses May and Ruth Durham, of Roanoke, spent Sunday in Andrews.

Ben Park came home from St. Louis, Mo., Sunday morning.

Miss Hazel Edison returned to Auburn Sunday evening after a week's vacation at home.

Rev. E. E. Lutes, pastor of the M. E. church, has been called to fill a vacancy in the Methodist church at Jonesboro, Ind. Rev. Albert Blake will take Rev. Lutes' place in the church here and will deliver his first sermon next Sunday morning.

Mrs. A. D. Wasmuth is spending a few weeks visiting friends and relatives at Berlin, Wis.

Mr. and Mrs. Starkey, of Kansas, are visiting Mr. Starkey's daughter, Mrs. D. A. Taylor.

Henry Kantz returned Monday evening from Montpelier, Ohio, where he had been spending a few weeks with his daughter.

Ernest Rudig is detained from work on account of a sprained ankle.

THE PICK OF THE FURNITURE MARKET

If you were a maker of Fine Furniture and conversant with local conditions you would want to be represented in Fort Wayne by the Foster Furniture company, the leading Furniture store in the city. All manufacturers feel in the same way and that is why that company has the pick of the entire furniture market of the country and can represent in Fort Wayne "the cream of the trade." It gives to the Foster Furniture company an advantage over its competitors that readily accounts for its continued supremacy in the furniture trade of the city.

RISES BY HIS OWN MERIT.

One of the railway officials of today who owes his success to personal merit and push is Ed. F. Needham, superintendent of motive power of the Wabash. Mr. Needham began his railway work in the capacity of apprentice in the boiler department of the Wabash and worked on the line step by step until he reached his present high position. In brief his career is as follows: Four years an apprentice, three years a journeyman boiler maker, four years foreman of the boiler shop in this city, three years boiler foreman at Springfield and assistant master mechanic at Decatur, eight months assistant master mechanic at Ashby. On October 1, 1902, he became master mechanic of the Peru division, with headquarters in Fort Wayne, and April 1, 1905, he was transferred to the more important position of master mechanic of the Decatur division. In 1907 he was appointed superintendent of motive power, with jurisdiction over the entire Wabash system, succeeding J. B. Barnes. Mr. Needham believes in giving personal attention as far as possible to the details of the department work over which he has jurisdiction and is constantly at work. Business often brings him to Fort Wayne. He has other attractions here also, Mrs. Needham being the daughter of Mr. and Mrs. A. W. Bell.

E. F. NEEDHAM.

of 120 West Butler street, where she and her husband are occasional visitors.

EXPECT CROWD FROM WEST.

Frank P. Parin, traveling passenger agent of the Nickel Plate, who was on the west end of the line yesterday in the interest of the excursion here tomorrow, says that there will be a big crowd on both trains, though he does not expect it to exceed the crowd on a similar occasion last year, when the Nickel Plate brought in over 2,100 people on Nickel Plate day. Tomorrow there will be two trains, one starting from Clayport and arriving here at 8:40 o'clock in the morning, and the other starting from Hammond and arriving at 11 o'clock in the morning. Mr. Parin will go out to meet one of these trains tomorrow.

WIRES DOWN FIVE HOURS.

The terrific hail and wind storm which swept across southern Michigan last night and morning of which is made in our telegraphic columns, did considerable damage to railroad property. All the wires of the G. R. and Grand Rapids and communication was cut off for five hours. Two or three of the passenger trains were also delayed, it being deemed safest to stop them until the fury of the storm was over, lest they run into some obstruction carried upon the tracks by the winds. The telegraph service has been restored and trains are moving as usual today.

DIED IN EL PASO, TEXAS.

Fort Wayne friends of the family will be pained to learn of the death of Mrs. J. E. Rathbone, which resulted from an attack of smallpox at El Paso, Texas. The deceased was the wife of a former well known Wabash engineer and later traveling fuel inspector of the line. Mr. Rathbone is a hospital at El Paso, very sick with tuberculosis, and has not been informed of the death of his wife. When an engineer on the Wabash, Mr. Rathbone ran through the city a part of the time and is well known here.

RETURNS AFTER 18 YEARS.

James Nichols, of Moline, Ill., is visiting relatives and friends in the city, after an absence of eighteen years. He is now a prosperous contractor and carpenter in Moline. When in this city he was employed in the shipping department of the Fort Wayne Electric works. He called there yesterday to see his former associates. Mr. Nichols had been attending a convention in Toronto, Can., and stopped off here en route home to see his friends.

PERRY HARLAN HERE.

Perry T. Harlan, cashier of the Cross-Beckman company, dealers in machinery supplies, Memphis, Tenn., is here to spend a part of a two weeks' vacation. For a number of years Mr. Harlan was employed in the Lake Shore offices in this city. Harry Cross-Beckman, one of the members of the Memphis firm, is also a former Fort Wayne resident and employee of the Lake Shore. He left here twelve or fifteen years ago.

ARTHUR ORR INJURED.

Arthur Orr came home yesterday to receive treatment for burns sustained through a short circuit while experimenting with electricity at Rochester, where he is employed by the Pennsylvania railroad. One of his hands was burned in five places, though none of the wounds is serious. The wires carried 2,200 volts and Mr. Orr's escape from more serious injury is remarkable.

INSPECT ROAD FRIDAY.

Supt. W. M. Wardrop, of the Pennsylvania, will leave this evening on the Pennsylvania Special for New York on business for the company. He will return to Crestline Thursday night and he met there the following morning by his staff officers and make an inspection of the road from that town to this city. They will travel on the division inspection train.

BOILERMAKER BADLY HURT.

Boilermaker Fred Weisenberger, of the Pennsylvania shops, fell astraddle a beam in a tank yesterday morning while at work and was severely injured. He will not be able to work for some time.

HURT IN FALL ON STREET.

Earl K. Thomson, an apprentice in the Wabash machine shop, fell in front of the Rich hotel, on Calhoun street, last evening and severely sprained one of his ankles.

GOES EAST ON BUSINESS.

R. E. Sarver, of the Pennsylvania, will leave this evening for New Castle, Pa., on business for the company. He will return home Thursday.

INDUSTRIAL NOTES.

Yard Fireman G. L. Sweeney, who had been sick, resumed work on the Pennsylvania yesterday.

W. E. Engelbrecht, of the Pennsylvania smith shop, is quite sick with symptoms of appendicitis.

Michael Sullivan, sick two weeks, resumed work in the Pennsylvania car machine shop this morning.

William K. Wilder, passenger engineer, has resumed work on the Pennsylvania after a two weeks' absence.

Samuel Francisson, Wabash paymaster, will distribute the pay checks in Fort Wayne next Monday, Sept. 18.

C. McDonald, night yard engineer on the Pennsylvania, who had been laid two weeks, resumed work yesterday.

A large paper baling machine for the Hartford City Paper company, left the Bass works, where it was built, today.

A. S. Custer, for three months employed in the Pennsylvania erecting shop, resigned today and will soon leave for the west.

Arthur Kuehler, rate clerk at the Lake Shore freight house, has returned from Clear Lake, where he spent a short vacation.

Yard Engineer J. M. Brown, who had been in Ohio attending to some private business four or five days, resumed work this morning.

Pennsylvania Engineer E. L. Tenney, a hay fever victim, who had been off duty two weeks on account of the malady, resumed work this morning.

Fireman J. C. Roegner, of the G. R. & L., and D. P. Foster, teamster for the Pennsylvania, are on duty again after being at Sparta, Wis., with the battery.

FOWLS AND PIGS IN WRECK.

Nickel Plate Has Costly Accident in Cleveland.

Seven cars of an eastbound Nickel Plate freight train, which were loaded with chickens, geese, turkeys, ducks, sheep and hogs, were demolished in Cleveland and the fowls and animals were turned loose in a fashionable part of that city. The wreck was caused by a broken rail and a laughable account of it is the following taken from the Monday morning Cleveland Plain Dealer:

"The railroad counted its chickens and then looked with suspicion upon all people in the neighborhood who maintained chicken coops. The people who owned chicken coops look with suspicion on the railroad company because they believe that some Indiana roosters which escaped from the wrecked cars coaxed away their hens."

"Carnals were built to contain the live stock collected and all the live stock collected at once, making a din that attracted thousands of sightseers who gathered around to see what it was about and get in the way of the workmen who were doing all possible to clean up the wreck of ruin."

"It was a day that would make Eastern writers blush. Roosters fought in a way to make our enthusiasts cheer in enthusiasm. Ducks squealed like a page from Upton Sinclair's 'The Jungle,' and sheep bleated some more, but the one person most affected was Frank Long, the Indiana farmer."

"Long had brought no money with him. He knew that he would have plenty of money when he sold the livestock in Boston. But he never reached Boston. He was given his breakfast and his dinner by neighbors on whose chickens he had been roasting a disturbed rooster. He was given a car fare by a railroad detective and he was given a calling card by a state woman whose haws had been trampled by his pigs."

"The railroad has promised to see that he gets back to his home in Indiana, but if he will call this morning at the offices, E. 9th street and Euclid avenue, he will find that he doesn't know how to get to E. 9th street and Euclid avenue, and besides he hasn't a car fare to get there if he did."

MELLEN HAS NOT RESIGNED.

Denies the Story Sent Out by Associated Press.

New York, Sept. 12.—Charles S. Mellen, who is in Portland, Maine, on a tour of inspection, denied today that he would retire from the presidency of the New York, New Haven and Hartford railroad.

Mr. Mellen said:

"No such announcement has ever been made and no step of this nature is in contemplation."

He declined to make any addition to his statement.

Mr. Mellen and a party of railroad officials are inspecting the Maine Central system and other lines controlled by the New Haven interests.

When Mr. Mellen took charge of the New Haven road, in 1902, the company belonged to the class with the Lackawanna; that is, it was embarrassed with surplus earnings.

Since then gross earnings have increased from \$47,296,000 to \$62,152,000, yet only once during the past four years has the New Haven earned its dividend. The trouble has been that since 1903 interest and dividend requirements have increased faster than earnings. Stock-paying dividends at the rate of 8 per cent, as well as bonds paying 5 per cent interest and more have been sold to buy up railroads, steamships and trolley lines, which brought less to the New Haven than was paid out.

The preliminary statement for 1911 shows that the 8 per cent dividend was not earned by \$806,000. Only a few months ago, however, Mr. Mellen said: "All rumors that any reduction in the New Haven's dividend rate is even a possibility are the vapors of a disordered mind."

Six Furloughed Firemen at Work on G. R. & L.

J. C. Roegner, G. A. Varrian, K. K. Winters, J. J. Ehrhart, W. W. Brown and C. J. Pilled, Grand Rapids and Indiana, resumed active duties on the road this morning. They were furloughed three months ago and spent the intervening time in doing other work. Business on the road warrants their return to active duty.

Simple Home Remedy For Wrinkled Faces

(From Popular Monthly.)

Thousands of women are spending fortunes in their frantic efforts to remove the signs of premature age from their faces. When in this state of mind a woman will spend almost any amount of money on worthless wrinkle removers, of which there are many.

If these women only knew it, the most effective remedy imaginable is a simple, harmless face wash which can be made up at home in less than a minute. They have only to get a ounce of powdered sassafras and half a pint of witch hazel at the drug store and mix the two. Apply this daily as a refreshing lotion. The effect is almost magical. Even after the first treatment a marked improvement is noticed and the face has a snug, firm feeling that is most pleasing.

returned from a ten days' sojourn in Texas and can tell some interesting experiences of their trip.

Division Storekeeper H. W. Hurst, of the Wabash, is at Montpelier, O., today on business for the company.

Mr. Shule, of the Hocking Valley; John Otis, of the Erie, and Mr. Watts, of the C. & D., will inspect car wheels and castings at the Bass foundry this week for their respective roads.

Four new engines built for the Missouri Pacific line by the Baldwin Locomotive works, were cut out of Wabash train No. 97 last night in this city on account of hot journals. They

continued westward this morning a part of train 63, after damages had been repaired.

John Hartwig, who was operated upon for appendicitis some time ago, is out and called at the Wabash shops yesterday to see his shopmates. He expects to resume work next week.

D. L. Simpson, a Wabash passenger brakeman, was injured here Saturday night, when in the act of closing a switch, by being struck by engine 2079. He was placed aboard No. 4 and taken to the Montpelier hospital, and the accident was not reported here until yesterday. His injuries are not serious.

Fred Romary, a well known Pennsylvania shopman and the captain of

the Pennsylvania shop ball team, will be married the latter part of September, the bride-to-be being Miss Louise Remps, of Liberty street, well known and popular with her acquaintances. The coming wedding is a matter of considerable interest to Mr. Romary's shopmates and baseball acquaintances.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago, Ill., Sept. 12.—Heavy increased receipts at Winnipeg had a bearish effect today on the market for wheat. The arrivals there reached a total of 316 cars against 156 the corresponding day last week and 156 year ago. The amount of wheat on hand at Russian seaboard ports was also said to be showing a material gain and there were favorable crop advices from Argentina. It was the general belief that a leading speculator here had thrown overboard a big line of wheat. The opening was a shade lower to 1/2 cent. December started at 96 1/2, a sixteen cent lower to a like variation higher and then suggested a 97 1/2 cent. The weakness developed in the corn pit as a result of the depression in wheat. Sellers were active and the buying only fair. December opened at 67 1/2, a 1/2 cent lower to 1/2 cent. The opening was a shade lower to 1/2 cent. The opening was a shade lower to 1/2 cent.

LABOR FAVORS COMPLETE JOB

Wants Track Elevation at Clinton and Entire Length of City.

FEDERATION SPEAKS

Organized labor in Fort Wayne went on record in the track elevation matter in emphatic fashion Monday evening when the Federation of Labor declared itself not only in favor of elevation of the Pennsylvania and Wabash tracks at Clinton street, but through the entire length of the city. The resolution was adopted after the question had been given general discussion by the delegates present. Belief was expressed that the only proper solution of the elevation question was an entire elimination of the grade crossing and the opening of the streets beneath the tracks. Vice President Straub was in the chair in the absence of President Redding.

For Women's Label League. The proposition to deprive the Women's Union Label league of representation on the floor of the convention of the Indiana State Federation of Labor at Evansville, September 26 and 27, will be opposed by the delegates from the Fort Wayne Federation of Labor at that meeting. They and the alternates were selected at the meeting of the local central body Monday night and the personnel of the party is as follows: Charles Marsh, of the machinists; J. E. Workman, barbers; J. W. Loney, pipefitters; C. E. Krieger, carpenters, and John Bailey, machinists, are the official delegates. Corresponding alternates for this delegation are Mrs. Mumby, representing the Woman's Union Label league; J. J. Perry, of the Horse-shoers; H. J. Straub and E. DeFrank, of the Carpenters, and L. P. Casbeer, representing the Affiliated Engineers.

Another question that will be strenuously opposed by the Fort Wayne delegation will be a proposition to permit no more than one member of the executive board of the state federation from any one city or craft.

Our work is most thorough and our charges reasonable always. Opposite Cathedral. Phone 234. American Dry Cleaning Co.

Welcome, Visitors to the Fair!

This has been a season of bumper crops—everything has yielded bountifully, generously.

Out at the Fair Grounds this week is the biggest, finest, choicest of the country's production—a display of interest alike to country and town folks.

We have gathered a bumper crop of Autumn merchandise—a stock that is unrivaled for beauty and comprehensiveness.

Our booth at the Fair Grounds gives but a slight hint of the enormity of these goods for Fall and Winter. You will be missing much if you do not see the display in its entirety, and we cordially invite visitors to do so while in the city. It will be our pleasure to show you the new styles, new fads and novelties for Autumn.

FURNITURE RE-UPHOLSTERED

Furniture old enough to be called antique—furniture old enough to be disgracefully shabby—those are the sorts we want to prolong usefulness to you. Our Upholstering Department renders that service—so well, in fact, that every piece of furniture we re-upholster is guaranteed to be satisfactory in every way—absolutely.

Fall housecleaning is about to begin. Let us re-upholster your old chairs and couches tastefully and enduringly at a small cost.

THE PEERLESS

White Enamel Refrigerators

The "PEERLESS" WHITE ENAMEL is applied upon galvanized steel in several coats, and baked at varying degrees of temperature for each coating. This produces a flinty, glossy surface, which is absolutely odorless, thoroughly sanitary, and will not peel nor flake. Notwithstanding the fact that the quality and character of the "Peerless" White Enamel make it a distinctive grade, and of greater intrinsic value than any other enamel yet produced, we nevertheless offer it in competition and at comparative prices.

WHITE FRUIT HOUSE

TEMPLE THEATER

The Temple bill of entertainment presents a variety of good things this week, opening with a novelty in the way of an animal stunt when Thersion presents four little terriers in a remarkably clever act. The dogs walk, dance, go up and downstairs on two legs and balance and turn somersaults like professional athletes. It is not too long and is a very pretty performance. Of the rest of the bill there is much that is amusing and productive of continuous laughter and one thing of refined and classic beauty. The latter is a torpichorean act by Rose and Arthur Royland and company. The entire act is extremely refined and beautiful. Miss Royland is very graceful and pretty. The two dancers in costume and gesture, as the numbers are principally in pantomime, illustrate the story they are costumed to present, and the performance is in a measure like those the Russian dancers, Pavlova and Mordkin, have raised such a furore over in this country.

A comedy called "In the Subway" is a great act in a laughmaker. It is clean, very funny and very new. Miss Violet Black and Edgar Allen Wolf and two assistants give a lively performance and the act delighted yesterday's audiences. The entire situation of the story is excellent and the comedy is uptight, too good to miss.

Lewis and Pearson in a comedy creation, "The Wrong Note," made a hit with the audience. Dramatic ability, a fine stage presence and some fairly funny lines are worked out with one of the men in the orchestra and later in a bright bit of burlesque with both men on the stage. Their act is good. Mr. and Mrs. Sidney Reynolds have some new lines on the "sufferer" and their singing is entertaining. May Archer in an extreme harem style of gown and Billy Carr had "some songs and patter" that got many a laugh.

Clarence Wilbur and his funny folks, four girls and "Professor Pettibones" have a great laughing hit in "The New School." Mr. Wilbur has made many friends here in school-days performances and is a host in himself. However, the act has some fresh lines and many chances for fun which Wilbur converts into a literal scream. The act brought a continuous round of laughter from both audiences yesterday.

Prof. Dicey's orchestra continues to be one of the distinct features of the Temple entertainments.

SAVE YOUR HAIR--EASIER TO DO THIS THAN GROW NEW HAIR

Dandruff, Itching Scalp and Falling Hair Stopped.

There is one place where baldheaded men shine, and that is in the front row seats of the theatre. If these bald-headed people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not

plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

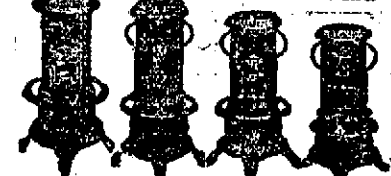

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Meyer Bros. Co., Four Drug Stores.
